Classes with a * next to them are accepted applications to move into a preferred class.

The intention of the new handicap system is to provide more competitive sailing between boats of similar potential performance. This will allow for differing courses to be set for different Classes, ensuring that boats all finish within a certain time frame.

The Jersey Handicap Committee is responsible for allocating handicaps, but the Sailing Committee is responsible for deciding Class boundaries and the allocation of a Class to sail in for any particular boat. The above Class boundaries are indicative of where Class boundaries fall, but boats are fully entitled to apply to join another Class.

Boats can apply to sail in another Class by giving written notice to the St. Helier Yacht Club Sailing Committee. These applications will be looked upon favourably if it is felt that the boat would be of a similar performance within that fleet. Boats can apply to move up one Class, not two. Except for exceptional cases, boats would not normally be allowed to move down a Class.

Any concerns with regard to the handicaps allocated should be addressed in writing to the Jersey Handicap Committee.
